We are humans, factored to the most basic of elements. But we have no necks, ears, or any of those complicated things. Tijger (the series creator) did that because he can't draw very well. I personally thinks it has mixed blessings- for example fake IDs are really easy to make for us. Women seem to dig us too. But I don't get as lucky for some reason. Wait, don't write down that part. Thanks. (nervous laughter) Can I go now? I need to go to the bathroom for a moment.
