Definitely some more stupid gizmos and office gadgets- anything that we think is cool, that people will want. Tijger likes to say he listens to me and stuff but once a week i am made to sit in the copy closet and "think about my mistakes". All because i wanted to name the series "Meat Painters". So i'm not totally sure if he listens to me or not. (nervous laughter) Right now i'm supposed to be working on some tee shirts, but since I don't have a neck it's somewhat difficult. But I know the job will get done.
